A Webelos-ree? Yes! A Webelos-ree!

A district or council Webelos-ree enhances the outdoor program of Webelos Scout dens. This guided experience emphasizes outdoor skills for Webelos Scouts and their parent(s) or guardian(s).

Parental involvement enhances the activity for the boy and his parent or guardian and provides an additional source of adult supervision for events. Events should be planned to include skill training as needed, especially if the skill is unfamiliar to the participants.

A fun, interesting, and exciting experience at this event fulfills the purposes of Cub Scouting. A Webelos-ree may boost retention in the den and pack, and help create and bolster a Webelos Scout's desire to move into a Boy Scout troop.
