

LOOKING FOR THE PERFECT CONFERENCE OR RETREAT CENTER?

Established in 1993, the Florida Sea Base Conference and Retreat Center is a premier location for planning conferences, training courses, and group retreats. With two locations in the Florida Key, this is an ideal location to get away from it all. Both facilities offer a wide array of meeting spaces, housing options, room set up configurations and a full compliment of multimedia visual aids. In addition, all of your meals are prepared in house by our resident chef.

We are blessed with some of the most beautiful scenery in the world. During your stay, it is important to take advantage of the amenities you have just outside your door. Through the Conference Director, you can book fishing charters, sunset sails, snorkeling trips, island tours, and many other outdoor adventures. You may also choose to hold a few of your meetings outside. We can customize your trip any way you would like.

FLORIDA SEA BASE – ISLAMORADA LOCATION

The Sea Base located in Islamorada (mile marker 73.8) is the primary location for our conference operation. Here you will find an exclusive style meeting space for 30-40 people, as well as room for breakout sessions. This is also the location of the Thomas Building, our motel style accommodations.

BRINTON ENVIRONMENTAL CENTER – SUMMERLAND KEY LOCATION

Our newest facility, the Brinton Environmental Center, is located on Summerland Key (mile marker 23.8). The BEC offers a large classroom style meeting space with a panoramic view of the Atlantic Ocean and direct boat access to Big Munson Island. Big Munson Island can be used for team building sessions or over night excursions (*BSA medical required).

The Florida Sea Base Conference and Retreat Center is open to all National Council Divisions, Local Councils, and volunteer committees, and to all other non-profit or government agencies.

For more information about hosting or attending a conference with us, visit the Florida Sea Base Conference Center Website at www.fsbconferencecenter.org or by calling 305-664-4173.
