

# The Florida National High Adventure Sea Base

*Delivering Ocean Adventures That Make a Lifetime Difference*

As a professional Scouter you are responsible for “Delivering the Promise” to your Scouts. We are here to help with a world class program that will keep Scouts coming back for more. That is a retention tool you can use. Look at our brochure, program descriptions and photos and learn what Sea Base has to offer your Scouts.

Also, watch for Center for Professional Development training courses offered at Sea Base so you can experience your own ocean adventure.
