## Central Florida Council Camps Vehicle/Golf Carts/Traffic/Parking SOP

**These standard operation procedures for Vehicle/Golf Carts/Traffic/Parking are guidelines for the Camp Staff, Camp Masters, Council Leaders (Volunteers & Professionals) and guest. These procedures are set up and approved by the Physical Resource Committee and Camp Programs Committee. They are important to the camp for member safety and to reduce our impact on the Central Florida camps.**

**Sincerely, Jeff Kosik, Physical Resource Committee Chair  
Bill Cowles, Camp Programs Committee Chair**

### **Vehicle/Golf Carts/Traffic/Parking SOP**

1. Camp Staff, Camp Masters and Council Leadership (Volunteers & Professionals) are asked to enforce the Vehicle Policy, Golf Cart Policy and these SOP.
2. All vehicle and golf cart traffic is to remain on the main camp roads except for only necessary golf cart traffic in the Downtown Camp area for handicapped accessibility and camp staff work. These golf carts should be tagged for permit to access these sensitive areas of camp.
3. If Golf Carts/Vehicles are in the downtown camp area, they should refrain from driving on the grass as much as possible. If any driving is needed on grass, then different paths should be taken to reduce impact on the grass.
4. No parking allowed in the Downtown Camp Area, behind the W.T. Bland Dining Hall or the area between the W.T. Blanding Dining Hall, Rotary Lodge and OA Museum. All parking should be in the main parking area, Rotary Lodge Parking or designated parking areas for overflow as set by the Director of Camps & Properties.
5. Golf Cart parking is not on grass or in sight of events. Golf Carts should be parked in non-grassy areas along main roads out of sight out of mind.
6. Food Service staff will park in pre-set area on road behind the Dining Hall and Trading Post staff will park in the area behind Trading Post. All other staff will park in one of the camp parking areas. The Health Officer may park on road behind the Health Lodge.
7. All gates to the Downtown Camp area are to remain closed at all times. If delivery is necessary, then camp staff will assist with access for the delivery.
8. Campsite parking is only for Handicapped permitted parking and all others will park in the main camp parking areas.
9. Camp Staff will work on reducing impact of our camps by reducing paths and following these procedures.
